Chandigarh University, Gharuan takes this opportunity to invite students from your institute to participate in the joint campus placement drive by **Amazon** for **M.Tech/B.Tech (CS, IT)** students of **2020** passing out batch. The details are as follows. :

Company Name	Amazon
Date of drive	**26th November 2019**
Venue	**Chandigarh University, Gharuan**
Stream required	**B.Tech (CS / IT) · M.Tech (CS / IT)**
Eligibility criteria	CGPA – 7 & above
Batch	2020
Position	Based on their internship performance they will be eligible for a Full-Time SDE role at Amazon.
Job profile	Do you want to work on cutting edge technology, solve new problems that didn't exist before, and have the ability to see the impact of your contributions? Amazon is growing, and so is our team, looking for SDE who moves fast, is capable of cracking and solving complex problems, and has a strong will to get things done. SDEs at Amazon work on real world problems on a global scale, own their systems end to end and influence the direction of our technology that impacts hundreds of millions customers around the world. As SDE you are expected to design flexible and scalable solutions, and work on some of the most complex challenges in large-scale computing by utilizing your skills in data structures, algorithms, and object oriented programming. Amazon Home Services team in Hyderabad, India is developing a services platform which will make it possible to sell services with the same degree of convenience and flexibility we sell products. We are looking to hire smart and highly motivated Engineers who will work towards launching this next wave of disruptive services platform for Amazon. As a member of this team your mission will be to design, develop, deploy, document and support scalable and distributed real time systems. https://www.amazon.jobs/en/jobs/894022/sde-intern
Date of joining	Jan-20
Pay package	**Stipend during 6 months of Internship : 60,000 per month**
